PROFESSIONAL SUMMARY

Creative and detail-oriented Web and Mobile Developer with practical experience in designing responsive and user-focused websites and applications. Skilled in HTML, CSS, JavaScript, React, and Flutter, with a strong understanding of API integration, performance optimization, and UI/UX principles. Passionate about delivering fast, secure, and accessible digital solutions.

PROJECTS

Foodtek App
- Developed a cross-platform restaurant app with OTP login, real-time delivery tracking, and dual customer–driver flows, focusing on responsive UI, state management, and API integration

My Pharmacy App
- Designed a user-friendly interface to help users manage medications, monitor health, and access medical information using Flutter.

Online Store
- Built an intuitive shopping interface with product listings, search functionality, and shopping cart management using HTML, CSS, and JavaScript.

EXPERIENCE

Mobile Development Intern
AppTrainers, Amman   *Dec 2024 –June 2025*
- Developed and optimized cross-platform mobile applications using Flutter and Dart, focusing on performance and clean UI/UX.
- Integrated RESTful APIs and Firebase services (Auth, Firestore, Messaging) to enable real-time features and secure data handling.
- Applied state management solutions like Provider to maintain scalable and maintainable app architecture.

Frontend Development Intern
Transcend, Bethlehem   *July 2022 – September 2022*
- Developed responsive and interactive web applications through JavaScript, PHP, and HTML/CSS, ensuring seamless user experiences across all devices.
- Streamlined data processes by leveraging SQL (MySQL) and NoSQL (MongoDB), resulting in faster and more scalable backend operations.
- Optimized data flow and storage by integrating SQL/NoSQL databases with front-end frameworks, reducing latency and improving reliability

COURSES

Android 101 Course
Al-Aziemah Academy, Jordan   *January 2021 – May 2021*
- Completed a 94-hour program covering Android app development, culminating in creating a mobile application.

JavaScript Course
Shoroq Organization, Bethlehem   *June 2019 – August 2019*
- Completed a 50-hour training on advanced JavaScript concepts, improving coding efficiency and problem-solving skills by 30%

SKILLS: Dart | JavaScript | Java | C++ | HTML | CSS| React| Flutter| State Management (Provider, BLoC, GetX |Google Map| Android (Java)| MySQL | Firebase | RESTful APIs| Firebase| Git

EDUCATION

B.S., Software Engineering   *August 2018 – July 2023*
Bethlehem University
